

9 WAYS TO REDUCE PLASTIC IN YOUR SCHOOL

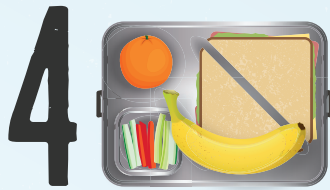

1 Hold an educational film screening or talk

2 Organise school, park, river and beach cleans

3 Stop selling plastic bottles, encourage reusables instead

4 Encourage less plastic in packed lunches

5 Choose reusables for the canteen and school events

6 Request that supplier deliveries are plastic-free

7 Rethink catering options to eliminate single-use plastic

8 Ditch the laminator, choose plastic-free displays

9 Share your successes, to inspire other schools too
